

STATE BUDGET CUTS threaten our jobs

Budget cuts have a devastating impact on the infrastructure that keeps our economy rolling and our jobs growing. If legislators fail to extend current taxes, we'll lose even more of our jobs in both the public and private sector.

CALL YOUR LEGISLATOR TO SAY "NO MORE CUTS": toll free: 1-866-864-8567

FOR A FAIR BUDGET

California Labor Federation | 2011

HOW THE STATE BUDGET WILL AFFECT our jobs

Without tax extensions, our economy won't recover and companies will cut more jobs. Every worker has a stake in this fight. **The next two months are critical to save hundreds of thousands of jobs, our schools, our firehouses, our roads, and our communities.**

Did you know?

State projects: Fixing our roads and infrastructure keeps our economy rolling and will save 38,000 construction jobs.

Education: Proposed cuts to schools, community colleges and state universities will result in 119,000 jobs lost. The domino effect will result in 36,000 jobs lost in the private sector. Schools closures, larger class sizes and more school layoffs threaten our kids' future.

Public safety: Proposed cuts will lead to billions in reduced funding to local governments causing mass layoffs of police and firefighters.

What you can do:

- ✓ **Join precinct walks and phone banks in targeted areas. Contact your local labor council.**
- ✓ **Call your legislator to say "NO MORE CUTS".
Toll free: 1-866-864-8567**
- ✓ **Turn out for May 13th education events in your area, visit: CAstateofemergency.com**
- ✓ **Write Letters to the Editor, see CaliforniaLabor.org for sample letters**
- ✓ **LEARN MORE: visit www.StandUpForCA.org**

- Prevent devastating cuts!
- Save local jobs!
- Get our economy moving again

PASS THE TAX EXTENSIONS!
